The 4EB Annual General Meeting (AGM) was held on Sunday the 20<sup>th</sup> of September and the meeting was well attended. The meeting room was **completely full with members who have the station's best interests at heart.** We welcomed Serge Voloschenko, ECCQ President, as our special guest to present certificates and awards to long serving members.

The meeting was chaired by the President of 4EB, Nick Dmyterko, and he gave a speech along with the Treasurer, Minas Cassimatis, and the Manager, Peter Rohweder. In summary, the station is progressing with the services it provides as well as achieving sustainable growth which builds on the history of 4EB successes. There were several questions answered during the meeting which helped to define current issues and projects which lead the pathway forward for the station. The meeting agreed to alter the Constitution so that in the future if someone wishes to receive correspondence by e-mail then we are legally able to use e-mail for notification for general meetings. This will provide a significant saving for 4EB and better meet the needs of members.

The AGM is one time during the year when we can thank the long serving members of the station. All people who had been nominated for certificates by groups were acknowledged at the meeting and all members who have been members continuously for 25 years or 30 years were presented with a certificate and/or a gift from the station. Long serving board member, Nondas Panagiotakis, was presented with a Life Membership to 4EB and in recognition of the hard work and support given to the station by **one particular group; this year the President's Shield was awarded to the Greek Group.**

All who attended the meeting were well informed by those who spoke during the meeting and left the meeting after a wholesome lunch which was prepared by Lucy Stewart. Some volunteers also brought more delicious food for all to eat. The gardening and car park looked very neat thanks to Levale Lio for the many hours he dedicated. Finally, an overall thank you to all of the Staff, Board Members and Volunteers who contributed to the success of the day.

4EB would like to thank our sponsors, please support them.

## Irish Live Interview with Pat Shortt, Irish Comedian

On Tuesday 11 August, the 4EB Global Digital Irish Program was honoured to have Irish Comedian Pat Shortt in the studio ahead of his Australian 'Selfie Tour'. The night was definitely one to remember. Andrew Bird of the Global Digital Irish Program picked up Pat and his entourage from South Brisbane and played a Tour guide on the way to the station. As Andrew recalls: 'We stopped at the Kangaroo Point Cliffs for a couple of pictures prior to rushing to the station'. The station was full of Irish broadcasters ready to meet and greet Pat prior to the live interview. Senior broadcaster Matthew Murphy conducted the first live interview of Pat. The questioning was superb and Pat was taken through his acting career and life and was asked: 'What he would be doing if he wasn't a comedian?' Pat replied quite incredibly that: 'He would be driving a tractor on a farm'. The night was kind of amusing as there was 5 broadcasters in the small digital studio and a total of 4 guests. The whole hour show was quite fun really and was well received by everyone who attended. A highlight of the evening was Pat's breaking news on the weather in Ireland which ended with him saying the weather would be perfect in Ireland (if only it could be roofed!). Some additional questions of Pat were asked by Irish convener Declan Hosey and senior broadcaster Caoimhin. The show finished with young broadcaster Emer Mimmagh presenting Pat with an 'I shot JR' T-shirt which is the T-shirt he is famous for wearing in the TV comedy 'Father Ted'. After the interview at the studio, everyone headed to the Story Bridge Hotel for some craic (and for some pictures)

## Tamil Group celebrates New Panel Operators.

About the celebration of my Book launch  
**"The wall of Silence"**

Dina Saleem Hanhan

On 12 September 2015 I celebrated the launch of my seventh book "The Wall of Silence". On this day, many people from different religions and views attended the launch under the umbrella of creativity and literature.

The book launch included several segments where a few critics shared their points of view about the book and their interpretation of my vision and the message behind the book.

The launch was a success as many people from the audience contributed to the discussion which included questions and people sharing their own experiences.

**One person asked me the question: "what is your message behind this book"?**

To me, the answer was exceedingly difficult. Because I expected people to know that I am here in order to remind them that we are humans who can think and write not just kill and hate. This was the main point that I wished to deliver through my speech.

Good evening,

I wish to thank all of you for your attendance today.

Today, we meet to celebrate the publishing of my seventh book. We are not here to talk about him, who passed!

There is nothing harder for a mother, than standing in front of a crowd, to talk about her experiences. and with all honesty.

However, to cope with my pain, I write. And i wrote this book. Because, if we write, that means that there is something worth putting on paper!

I am so happy, that the gift of writing was born with me. I write and I will continue to write.

I am very pleased with everyone's attendance today, and ask you all to forgive me because my mother language is not English!

Again, many thanks for all of you,

Dina.

## Multiculturalism, Media and Mateship.

Commitment, Adjustable attitude and Passion were some of the points put into practice at Radio 4EB with ten students from Artists Envision Health Inc. from the Gold Coast. With ethnic ties to countries like Serbia, Trinidad & Tobago, Ireland, Samoa, New Zealand and China just to name just a few. The students had the opportunity to tour Radio 4EB, speak with staff about the station's history, multiculturalism on air and radio production. They even managed to write, voice and produce their own 30 second radio promotions with the tag line "BE SMART, DON'T START" based on Drug awareness, a subject they are covering in their studies.

Thank you to Peter, Irene, Lily (BEMAC), Niyi and Alex for the tour and informative discussion on the day.

Kind regards,

Kevin Dando  
Multicultural Community Development officer and Cook Islands Convenor.

Bee Gees Way Stage two was opened by the last surviving Bee Gee, Barry Gibb on Friday the 11th of September. Wolfgang and Maryanne from the German group were just as famous as the star himself with Radio 4BC making mention all afternoon that a German radio station had made the trip, all the way from Germany to cover the opening. I had to have a chuckle to myself knowing full well that the German broadcasters had travelled from Redcliffe itself to cover the opening.

German broadcasters in Brisbane, who would have thought?

-Ed.
